3. Delegate authority to the Sheriff, or his designee, as an agent for the County, to execute all required documents including but not limited to, agreements, amendments, modifications, extensions, and payment requests in future FYs as necessary, for the effective participation in the OPSG Grant Program.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The Department seeks to enter into the attached Agreement for participation in the OPSG Grant Program to enhance law enforcement preparedness and operational readiness along the land and water borders of the United States. The Department will be reimbursed for providing increased law enforcement presence in the County's maritime jurisdiction and in coordination with other OPSG partner agencies in order to support the DHS and Bureau of Customs and Border Protection efforts in the region to improve border security. The Department will only enforce local and state laws and will not enforce immigration laws. The OPSG Grant Program provides funding to designated localities to enhance cooperation and coordination between law enforcement agencies in a joint mission to secure the nation's land borders. The Department will provide both boat and aircraft support for OPSG operations.

The current participating agencies and signatories to the Agreement include Counties of San Diego, Los Angeles, Monterey, Orange, San Luis Obispo, San Mateo, Santa Barbara, Ventura, Cities of Carlsbad, Chula Vista, Coronado, Escondido, La Mesa, National City, Oceanside, the San Diego Unified Port District, Sycuan Tribal Police Department, the University of California San Diego, California Highway Patrol, the Department of Fish and Wildlife, and the Department of Parks and Recreation.

The Department has participated in the OPSG Grant Program since FY 2011 pursuant to earlier agreements. This new Agreement allocates funding to the Special Operations Division in the amount of \$450,000 for overtime from the FY 2019 OPSG Grant Program.

Implementation of Strategic Plan Goals

Participation in OPSG relates to the County's Strategic Plan, Goal 3, Strategy III.3, Operational Effectiveness, Fiscal Responsibility, and Accountability. Participation in OPSG leverages resources from the Department and other law enforcement agencies to enhance protection along the land and water borders of the United States. This Agreement will also provide revenue reimbursement to the Department for services rendered.

FISCAL IMPACT/FINANCING

The Department will recover overtime salary costs incurred by the Special Operations Division for the OPSG Grant Program activities. The funding from the Patrol Clearing Budget Unit will be distributed to the Patrol Specialized and Unallocated Budget Unit. Reimbursement claims for expenses will be submitted monthly. The County's allocation of \$450,000 for the FY 2019 OPSG Grant Program is for overtime only and will be supported with the Department's FY 2020-21 budgeted appropriations.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The term of the Agreement shall be from September 1, 2019 through May 31, 2022. The County may terminate its participation in the Agreement by providing 90 days advance written notice to the other participating agencies. The Department will provide its personnel assigned to the OPSG Grant Program with all supplies and/or prescribed safety gear, body armor, and/or standard issued equipment necessary to perform OPSG activities.

The County agrees to defend and indemnify the other participating agencies for any claim, action, or proceeding against the other participating agencies arising solely out of the acts or omissions of the County in the performance of the Agreement. Each party participating in the Agreement agrees to defend itself from any claim, action, or proceeding arising out of concurrent acts or omissions of the parties. In such a case, each party agrees to retain its own legal counsel, bear its own defense costs, and waive its right to seek reimbursement of such costs except where a court finds and allocates comparative fault.

Board approval is required for this Agreement, as the funding amount exceeds the authority previously delegated by the Board to the Sheriff on May 5, 2015.

County Counsel has approved the attached Agreement as to form.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

None. The Department will provide the personnel and resources required for participation in the OPSG Grant Program.

Executive Summary

Law enforcement partnerships between federal, state, and local entities are critical to improving operational control of the border. Grant funding in the amount of \$9,200,000 via Operation Stonegarden (OPSG) will be utilized by a total of 23 partner law enforcement agencies from local units of government within San Diego County, including the Sycuan Tribal Police Department, Sheriff's Departments from San Diego,

Orange, Los Angeles, Ventura, Santa Barbara, San Luis Obispo, Monterey, and San Mateo Counties, as well as California State Agencies to target border-related crime in the U.S./Mexico Border area and the California coastline. The San Diego County Sheriff's Department will be the OPSG Grant Administrator. The point-of contact (POC) will be Lieutenant Justin White. The San Diego Sector Chief Patrol Agent will have operational oversight. The POCs will be Supervisory Border Patrol Agent's Robert Nila and Jason Feldman.

The San Diego Sector Chief Patrol Agent, in coordination/collaboration with OPSG stakeholders, will determine which areas will be the focus of operations. Security threats and operational hours/activities will be determined jointly between the San Diego Sector unified command staff and the OPSG Integrated Planning Team (IPT). Maritime-specific operations will be coordinated jointly with the San Diego Regional Coordinating Mechanism (ReCoM), Los Angeles/Long Beach ReCoM, Central California Maritime Agency Coordination Group (CenCal MAC), and the San Francisco ReCoM.

Utilizing an all-threats approach in collaboration with U.S. Customs and Border Protection/Border Patrol, state and local law enforcement agencies will exercise their unique jurisdictional capabilities in order to collaboratively address border security issues. Historically, San Diego County has been a highly favored operational area for crime and drug smuggling organizations. The close proximity of Tijuana, Mexico to San Diego, California, population density, significant coastline, and extensive transportation networks leading to the interior immediately north of the border make San Diego a consistently lucrative target. Now, as the maritime smuggling threat increases, these organizations are looking for smuggling opportunities beyond San Diego County as demonstrated by Pangas being discovered more than 400 miles north in San Mateo County. Border-related crime represents an all-threat environment in that the primary criminal activity (drug/human smuggling) often results in cross-border criminal organizations and individuals undertaking secondary and frequently, tertiary criminal activities that involve a wider range of crimes (kidnappings, assaults, murders, money laundering, cross-border weapons trafficking, etc.). These criminal activities, when undertaken in the U.S., constitute a threat to domestic security, subsequently triggering involvement by state and local law enforcement.

A. General Situation:

San Diego County (SDC) includes approximately 90 miles of international land border and the responsibility of the San Diego Sector includes the 840 miles of coastal border of the State of California, including beaches and bays. SDC has an effective level of security that is commensurate with known and identified risks associated with criminal organizations. The incidence of border violence associated with competing drug cartels in the Tijuana/Tecate areas has continued and still has great potential to spread into the United States. Frequent assaults against Border Patrol Agents are a common diversionary tactic utilized by smuggling organizations to further their criminal activity. During a particularly

volatile situation on July 23, 2009, Border Patrol Agent Robert Rosas was murdered in close proximity to the border fence while responding to alien traffic in the Campo Station AOR. As security of the border is established and/or expanded within key target zones, criminal organizations resort to increasingly elaborate smuggling methods such as sophisticated cross-border tunnels, watercraft in the maritime environment, and ultra-light aircraft. JTF-W (California), the San Diego Sector's FY 2019 enforcement strategy, will address specific threats posed by such organizations and aggressively integrate OPSG assets to reduce violent crime along the border, increase border security, and improve the quality of life within affected communities throughout the San Diego Sector operational AOR.

As the Maritime threat continues to increase in San Diego Sector's AOR, it has been necessary to provide additional funding and support along the coast to address emerging maritime Panga smuggling events approximately 489 miles north in Monterey, Santa Cruz and San Mateo counties.

Since its inception, the intent of OPSG has been to enhance law enforcement preparedness and operational readiness along the nation's borders. The Department of Homeland Security Appropriations Act 2010 (PL 111-83), via the Homeland Security Grant Program, allocated \$90 million in FY 2019 OPSG grant funds for use by local units of government to increase coordination and enforcement capabilities in support of Department of Homeland Security (DHS) goals including those outlined in the Border Patrol National Strategy. For this grant year, the San Diego Sector has been awarded \$9,200,000 in FY 2019 OPSG Homeland Security Grant funds.

B. Terrain/Weather:

Terrain features within the San Diego Sector include beaches, estuaries, coastal plains, steep canyons and ravines, high desert, and mountains over six thousand feet in elevation. There are numerous environmentally sensitive and protected areas. Dense, low lying brush and scrub trees cover much of the rural terrain throughout.

San Diego County's western corridor is one of the most densely populated areas in the United States. The corridor includes the cities of San Diego, Imperial Beach, Chula Vista, Coronado, Encinitas, Carlsbad, and Oceanside. The County's central corridor is comprised primarily of a blend of sparsely populated remote and rural wilderness areas. The eastern corridor consists of rural mountain and ranching enclaves with populations ranging from a few hundred up to several thousand.

Orange County through San Mateo County represents a rugged coastline along with varying weather. Los Angeles County includes the Islands of Catalina and San Clemente. Ventura and Santa Barbara Counties include the Channel Islands.

These islands are remote and desolate and represent an area of great concern for the San Diego Sector.

California State Parks and the California Highway Patrol are working together in remote areas from Ventura to San Mateo with the Sheriff's Offices in each of those counties as the Maritime threat continues to move north along the California Coast.

Weather conditions vary greatly throughout the San Diego Sector. The western corridor generally maintains year round mild temperatures that average 50 to 80 degrees. The central and eastern corridors can experience extremes in temperatures ranging from subfreezing to well over 100 degrees. Eastern portions of the County can experience occasional snowfall and high winds. In addition, the western portion of the San Diego Sector experiences frequent coastal eddies (a combination of low clouds and fog), which extend several miles inland.

Wildfires are a very real and persistent threat throughout the San Diego Sector. The fire season extends from May through November. Historically, wildfires have resulted in the devastating loss of life and property

The combination of climatic extremes, rugged terrain, dense urban corridors, and protected environmental areas presents a complex challenge to conducting daily operations. As such, enforcement entities operating within the counties utilize considerable ingenuity and flexibility in order to achieve their missions.

C. Criminal Element:

Drug smuggling organizations continue to pose significant threats throughout the area. These organizations have become increasingly sophisticated and use counter surveillance, diversionary tactics, night vision devices, and secure communications while conducting operations. Human trafficking, trans-border kidnappings, extortion, murder, and intimidation are common results of cartel competition for lucrative territory. Criminal debriefings, examination of pocket trash, and officer observations indicate substantial intelligence gathering efforts against law enforcement operations by area criminal organizations.

Smugglers frequently utilize dangerous tactics in order to further their cargo into the United States. Among these are failures to yield when vehicle or checkpoint stops are initiated, abandonment of the smuggling vehicle by the driver while it is still in motion, wrong-way driving on freeways north through the Mexican Port of Entry into the southbound lanes of Interstate 5, and the overloading of boats with human cargo. The abandonment of individuals or entire groups by their guides in remote, inhospitable environments is not uncommon and has resulted in a significant number of deaths. Smuggling organizations using these, and other tactics, have been historically responsible for several assaults on Border Patrol Agents and local law enforcement officers.

(1) Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) Contractor will not discharge, or in any other manner discriminate against, any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(4) Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

(6) Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) Contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The

contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

(B) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) that Contractor shall comply with as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, Contractor is required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous.
